SUMMARY

A Magna Cum Laude graduate of BS in Information Technology and DOST-SEI Scholar with a strong drive to understand systems on a foundational and holistic level. Most experienced in Front-End development and Data Analysis with a strong foundation of IT theory and core ethics, balancing technical needs and specifications with a people-first principle in decision-making. Skilled in research, critical analysis, and creative problem-solving obtained via academic projects, extracurricular competitions, workshops, volunteerism, and civil service sector internship.

WORK EXPERIENCE

Student Intern - Civil Service Commission RO VIII

February 2026 – May 2026

- Co-developed the PROCTAD system for the Regional Office of the CSC using native PHP, streamlining scheduling for briefings and exams enabling secure test administrators registration, attendance monitoring, and service history tracking.
- Developed systems in clear structures with distinct separation of functions via APIs.
- Utilized Python Pandas for basic data cleaning and analysis for simple excel data and attendance sheets.
- Completed 486 hours of technical training, obtaining valuable collaborative skills.

EDUCATION

BS Information Technology - Eastern Visayas State University (EVSU)

2022 – 2026

- Graduated as Magna Cum Laude.
- Developed a strong personal foundation for web development through learning and applying knowledge of various frameworks and libraries to make web apps.
- Built a firm understanding of programming and IT foundations through software development.
- Acquired ample foundational knowledge in database management and development as part of web and software development.
- Learned basic network and systems administration.

Senior High School - Eastern Visayas State University (EVSU)

2020 – 2022

- Graduated with High Honors.
- Studied in the STEM strand.

Junior High School - Eastern Visayas State University (EVSU)

2016 – 2020

- Graduated with Honors.

TECHNICAL SKILLS

- Languages: Python, PHP, JavaScript, HTML, CSS
- Libraries & Frameworks: Django, Laravel, Pandas, Bootstrap, React, CodeIgniter
- Databases & Tools: MySQL, SQLite, Git, Github
- Multimedia Tools: Photoshop, Photopea, Canva
- Office Tools: MS Word, MS PowerPoint, MS Excel

LANGUAGES

- English
 - Filipino
 - Waray-Waray
 - Bisaya (Cebuano)
-

PROJECTS & RELEVANT ACTIVITIES

Collaborative Online International Learning (COIL) Program

- Participant.
- Completed a 160-hour Laravel workshop in collaboration with students from Eastern Visayas State University, Davao del Sur State College, and Universitas Islam Indonesia.
- Co-developed a centralized platform to highlight the destinations of Bali and Boracay with integrated workflows to streamline user bookings for accommodations, dining, activities, and transport

Hackathon: Regional Smart Communities Engagement & Networking Exposition (rSCENE) 2025

- 4th Place as a team of 5 for the Hackathon Event.
- Worked under a high-pressure and high-collaboration event involving various universities and colleges from the Eastern Visayas region.
- Co-developed and pitched a platform for local venue and talent booking and exposure for various events and artist expos, scrutinized by various local leaders and industry experts.

IT Support & Volunteerism

- IT Support: Managed basic IT & technical needs for the 2023 iSteam+ 6.0 Congress.
- Volunteerism: Processed public data on regional flood control projects using Python (Pandas) to extract Eastern Visayas insights, delivering the data analysis to Kabataan Partylist (KPL) for public awareness and publication.

CERTIFICATIONS & EXAMS

- Civil Service Commission: Honor Graduate Eligibility (PD 907)
- 2024 DOST-SEI Junior Level Science Scholarship (JLSS): Passer & Scholar
- 13th TOPCIT Philippines: Level 3 Certified (Score: 410/1000)
- 10th TOPCIT Philippines: Level 3 Certified (Score: 400/1000)
- CCNAv7: Introduction to Networks
- CCNA: Enterprise Networking, Security, and Automation

SOFT SKILLS

- Problem-Solving and Critical Thinking
 - Communication and Empathy
 - Public Speaking
 - Adaptability and Flexibility
 - Team Collaboration
 - Detail-Oriented
